CONTENTS

		PAGE
Rotavirus infection in calves : Diagnosis by polyacrylamide-gel electrophoresis	R S Chauhan and N P Singh	1
Repeated infestations with larvae of *Boophilus microplus*. 2. Host reaction in crossbred calves	D N Panda, M Z Ansari, B N Sahai and G J Jha	4
The effects of endoparasites on the reproductive performance of on-farm sheep in the Ethiopian highlands.	Tekelye Bekele, E Bruns, O B Kasali and E R Mutiga	8
Normal serum enzyme levels in the Saudi Arabian camel	M F Hussein, S M Basmaeil, M N Bakkar, A G Gar, E I Nabi and H H Sanad	13
Aetiopathology of tiger mortaliity at Nandankanan	A T Rao and L N Acharjyo	17
Enzymatic studies in various fractions of sarcocysts of *Sarcocystis fusiformis* of buffalo	R S Gupta, H S Kushwah and Ameeta Kushwah	20
Transmissible drug resistance in *Escherichia coli* associated with piglet diarrhoea	D Sikdar, H Rahman, P Bireh and B R Boro	22
A new approach for rapid primary isolation of spore forming obligate anaerobes	Mayank Rawat, P K Mehrotra and K N Sharma	24
Preliminary field trials of killed *Mycoplasma capri* vaccine in goats	N C Srivastava, A Sikdar and Somvanshi	26 R
Incidence of salmonellosis in poultry in Karnataka	N G Ramesh Babu, A J Bragitha, Abdulla Sharieff and T Gopal	28
Occurrence and seasonal variation of gastro-intestinal nematodes of the dromedary, *Camelus dromedarius* in Rajasthan State of India	K M L Pathak, J K Arora and M Kapoor	30
Triple fluorochrome labelling in the evaluation of bone grafts and *ALCAP'* implant in goats	H P Althal, I V Mogha and G R Singh	32
Histology of the nasal cavity boundaries in goat	Pawan Kumar, Suraj Kumar and Yashwant Singh	34
The brachial artery of camel	R K Jain and L D Dhingra	38
Gastric mucous membrane of the one-horned Indian rhinoceros *(Rhinoceros unicorniis)*	M Bhattacharya and A Chakraborty	42
Production and biochemical studies on chick embryos under cold stress	D H Al-Hassani	44
A comparison of some sampling schemes for sire evaluation based on field data	D S Garcha and D S Dev	48
Body weights and their genetic and phenotypic parameters in Surti and Mehsana buffaloes	R G Vijai, L S Jain and S P Tailor	52
Effect of age of dam, level of feeding in late pregnancy and the changes in body weight on the performance of Arabi ewes and their lambs during lactation	Mudhaffar N R Al-Saigh and Allawi A D Al-Khauzai	56

		PAGE
Effect of feeding aflatoxin on nitrogen kinetics in calves fed different levels of dietary protein	R S Dass and S P Arora	62
Effect of various processing techniques on the nutritive value and digestibility of pearlmillet *(Pennisetum typhoideum)*	A K Tyagi and K K Singhal	66
Occurrence of aflatoxin in compound poultry feeds in Haryana and effect of different storage condition on its production	Nand Kishore, D P Lohan, S M Chahal and C S Rathee	71
Effect of cooking methods on the peeling characteristics and quality of hard cooked eggs	Naresh Jindal, S K Mahipal and N K Mahajan	74
Man-power employment in goat rearing in the rural house-holds of Mathura, Uttar Pradesh	N K Pandey, S K Anand and S S Verma	80
Effect of inbreeding of milk yield and lactation length of White Fulan cattle	P R Deoghare	84
Relationship of shank length with production traits of hens carryings sex-linked dwarfing gene	N G Ehiobu	86
Genetic relationship of production and feed efficiency traits in a strain of White Leghorn	P K Shinde, A G Khan and R P Nema	88
Chemical changes during storage of expeller-pressed oil-cakes	A K Yadav, S K Varma, R B Prasad and U D Gupta	91
Laboratory studies on the comparative biodegradion of paddy straw with certain bacterial and fungal treatments on chemical composition and *in vitro* dry-matter	Subhaschandra, M R Reddy and G V N Reddy	94
Electron microscope studies of surface pili and vesicles of *Salmonella* 3, 10: r organisms	Rakesh C YashRoy	99
Production of a monospecific antiserum to caprine complement component C 3	G Venugopal, G C Ram and M P Bansal	103
Experimental *Clostridium perfringens* type C infection in piglets. 1. A clinical, haematological and biochemical study	B N Tripathi, N S Parihar, Kali Charan and K P Singh	106
Occurrence of *Clostridium perfringens* in uncooked cock-tail sausages at retail level and its public health significance	N K Sharma, S S Saini, J P S Gill and M S Kwatra	112
Characterization of infectious bursal disease in the bursectomized and thymectomized chicken	R Somvanshi and G C Mohanty	115
Immunization of cattle with *Boophilus microplus* adult female and larval extracts:Feeding, survival and reproduc-	D N Panda, M Z Ansari and B N Sahai	123

		PAGE
tive behaviour of ticks on immunized cattle		
Effect of auto-blood transfusion and haemodilution on blood chemistry during elective surgery in dogs	S S Sandhu, K K Mirakhur and R K Chaudhary	128
Effect of gonadotrophin-releasing hormone (GnRH) on superovulation response, embryo recovery and their quality in crossbred cattle in the tropics	S K Agarwal, V K Taneja, M C Yadav, P C Sanwal and U Shankar	131
Combined effect of certain cryoprotectants on storage and freezing of buffalo semen	Satish Kumar, K L Sahni and Greesh Mohan	137
Distribution of trace elements in blood and ovary during the oestrous cycle and pregnancy in house rat	G K Sangha, R K Sharma and S S Guraya	142
Serological survey of bovine herpes virus 1 (BHV1) in sheep in Andhra Pradesh	P Suresh and T Suribabu,	146
Serological evidence for leptospirosis among cattle	J C Alex, K Manickavel, B Suresh, G Jayakumar and S Ratnam	148
Seroepidemiology of canine leptospirosis in Madras city	K S Venkataraman and S Nedunchelliyan	150
Development of coagglutination test for the detection of antibodies in secondary hydatidosis	K Madhubala, Y V B Gangadhara Rao and M V Subba Rao	153
A survey of gastrointestinal parasitic infection in free-living rhinoceros of the Kaziranga National Park	A Chakraborty and S Islam	155
Effect of solar radiation on skin colouration of Indian buffalo	A Ganguli and G Prasad	157
Topographic and morphometric studies on heart of fowl	D K Rajpal, A M Shrivastava, M R Malik, J S Taluja and M L Parmar	159
A comparative study of different transplants for repair of diaphragmatic defect in buffalo calves	S M Usturge, A P Bhokre, P T Jadhao and V D Aher	162
Radiographic and corrosion cast study of the bronchial tree in goat	Ishwar Singh, Suraj Kumar and Yashwant Singh	164
Effect of ensiling wheat straw with molasses, lucerne and bacterial culture on fermentation pattern and chemical changes	Kripal Singh, E Zimmer and H Honig	167
Nutrient utilization in buffaloes as affected by increasing energy density of ration using safflower oil in unprotected and protected form	Arun Srivastava	174
Effect of protein supplementation and defaunation on the growth rate of young buffalo heifers	R Gupta, U B Chaudhary and T R Chauhan	179
Degradation and metabolism of glucosinolates in cattle	S K Saha and K K Singhal	184

		PAGE
Feeding value of *azolla* (*Azolla pinnata*) an aquatic fern in Black Bengal goats	Y Tamang and G Samanta	188
Feeding value of all vegetable proteins in broiler rations	K S Sharma, J S Chawla and J S Ichhponani	192
Indigestible cell wall fractions in relation to lignin content of various forages	B Singh and M P Narang	196
Contribution of livestock subsystem to the income of rural households of different categories in comparison to that from crop farming and wage earning in a south Indian province	N S R Sastry, P Bullerdieck and Ch F Gali	201
Effect of genetic and nongenetic factors on reproductive performances of Landrace, Large White and *desi* pigs and their crosses	B D Sharma and S K Singh	208
Species identification and detection of adulteration level in cooked meat using agarose isoelectric focusing	J Abraham and P Varadrajulu	212
Growth performance and nutrient utilization by New Zealand white rabbits as influenced by different plane of nutrition	S V Deshmukh and N N Pathak	218
Gastrointestinal sites of absorption of ^{32}P and influence of different fluoride levels upon its absorption	V Kapoor and T Prasad	221
Effect of floor space allowance on the performance of Mychix layers of litter floor	M M Appannavar and P V Sreenivasaiah	223
Resistsance to thiabendazole, febantel, albendazole and levamisole in gastrointestinal nematodes of goats in Kenya	N Maingi	227
Retrograde contrast cystography in the sheep	A P Singh, Rishi Tayal, E L Chandrashekar and K D Singh	231
Retained foetal membranes in cattle: Relationship between bacterial isolates, blood picture and systemic involvement	C M Mulei, E R Mutiga and G K Gitau	235
Post-thaw ageing motility test for evaluating the role of cryoprotectants in milk, tris and sodium citrate dilutors for freezing buffalo semen	Satish Kumar, K L Sahni, Greesh Mohan and G S Bisht	239
Comparative evaluation of various grades of sephadex for improving the quality of buffalo semen	S S Chauhan, Greesh Mohan, Satish Kumar and K L Sahni	246
Effect of extenders, additives and deep freezing on the leakage of lactic dehydrogenase from cattle and buffalo spermatozoa	A J Dhami and K L Sahni	251
Progeny testing with multiple ovulation and embryo transfer in cattle	I C Sethi and J P Jain	257
Physico-chemical and microbial changes in	D N Basak, S Pan	263

		PAGE
rumen liquor of experimentally induced lactic acidosis in goats	and A Chakrabarti	
Pathology of experimental aflatoxicosis in rabbits	P K Sahoo, S K Chattopadhyay, T S Johri, K Charan and A Sikdar	268
Pathomorphological changes in mercuric chloride induced nephropathy in cattle: An experimental model study	T P Parai, N N Pandey and M C Prasad	274
Immunosuppresive effects of aflatoxin in bursectomised chicks against Ranikhet disease vaccine	S M Mohiuddin and M Vikram Reddy	279
Antibiotic sensitivity and plasmid profile of two strains of *Clostridium perfrigens* type A- animal isolates	Akhtar Hussain, Pran P Bhat, Purnima and V P Singh	281
Sarcocystis infection in goats in Uttar Pradesh	Daya Shankar and B B Bhatia	284
Toxigenicity of *Clostridium tetani* isolated from soiled objects	J Mitra and R Das	288
Arthropods recovered from the visceral organs of camel with special reference to their incidence and pathogenesis in Fars province of Iran	A Oryan, N Moghaddar and M R Hanifepour	290
Blood serum oestradiol-17/3 and progesterone around parturition in Surti buffaloes	N P Sarvaiya, V M Mehta and A V Patel	294
Blood levels of ovarian steroids during cyclic stages and anestrus condition of pubertal Surti buffalo heifers	N P Sarvaiya, A V Patel and M M Pathak	296
Prediction of ovarian response in sheep by laparoscopy	G M Wani and B A Bachoo	300
Therapeutic evaluation of cattle blood with citrate phosphate dextrose stored at 4°C for safe transfusion	N K Srivastava and N N Pandey	301
A new technique for eliminating response errors in surveys	Rajendra Singh, Neeta Joshi, H P S Arya and Krishna Lal	304
Dietary effect of inclusion of sodium chloride on dilution rate and rumen fermentation in buffaloes	S L Garg and O P Nangia	309
Rumen fermentation, digestibility of nutrients and degradability of different feed materials in calves fed unchaffed, chaffed and ground oat hay	G Sridhar Rao and S S Thakur	318
Effect of acidified sodium sulphate and urea/ ammonia treatment on the utilization of wheat straw by rumen micro-organisms	R S Dass, U R Mehra and U B Singh	324
Toxicopathologic effects of autoclaved *dhaincha (Sesbania aculeata)* seed-meal in broiler chicks	S R Das, M K Bhowmik, G Samanta and S Sarkar	329
Effect of vitamin A and Zn supplement on alcohol dehydrogenase and superoxide dismutase activities of goat tissue	Aruna Chhabara and S P Arora	334

		PAGE
Effect of poultry dropping uric acid on nutrient utilization by broiler chick	P N Langar, R S Virk and S P S Gill	339
Biochemical changes in poor quality roughages due to ammoniation and water treatment	A P Singh, N C Verma and A Rekib	344
Comparative performance of 5/8 interbred (Frieswal) and straight 5/8 crossbred cows	C L Arora, R A Singhal, R C Garg, R N Singh and Avtar Singh	348
Effect of different binders and feed ingredients on the formulation of feed blocks	Z S Sihag, C S Rathee and O P Lohan	350
In vitro and *in sacco* evaluation of palm kernel-cake as unconventional feed for sheep	P Vasantha Lakshmi and N Krishna	354
Pathogenic microbial viable counts in poultry litter and deep stack processing of contaminated litter	K S Sandhu, S K Jand, M P S Bakshi and P N Langar	357
Meat and byproduct yield from different commercial classes of chicken	N Kondaiah, A S R Anjaneyulu,	360
Transmission studies with rinderpest virus	V Lakshmanan, R P Singh and B Panda K Nachimuthu, G Dhinakar Raj, A Thangavely, R Govindarajan and A T Venugopalan	363
Diagnostic efficacy of rinderpest precipitinogen prepared from infected vero cells	S N Sarkar, R C Joshi, R P Bansal and S K Bandyopadhyay	368
Isolation and characteization of some of the enterobacteria from diarrhoeic and non diarrhoeic calves	D S Joon and Y K Kaura	373
Experimental and clinical effects of presacral blockade in bovine	R S Charak and Amersh Kumar	384
Effect of low dose FSH administration on ovarain activity during non-breeding season in the camels	S P Agarwal, A K Rai and N D Khanna	387
Pathoepizootiological studies on viral enteritis/pneumoenteritis neonatal calves	P R Vanamayya, G C Mohanty, Ram Kumar and D Rama Rao	391
Hormonal studies in bovine horn cancer	R P Shukla, K S Prajapati, V M Mehta and A V Patel	398
Inheritance of class I bovine lymphocyte antigens (BoLA) in Indian crossbred cattle	N K Verma and S K Prasad	402
Anatomical location of different surface structures in the brain of camel	Suraj Kumar, Pawan Kumar, Gurdial Singh and Yashwant Singh	405
Histological studies of small intestine of camel	Nayeem Alboghobish and Rajab Ali Sadrkhanloo	409
Morphological structure of the small intestine of camel	Nayeem Alboghobish and Rajab Ali Sadrkhanloo	412
Pathological and biochemical changes in chicks experimentally infected with *Ascaridia galli*	N Verma, P K Bhatnagar and D P Banerjee	415
Morphological lesions during experimental anuria in Sahelian goats	I O Igbokwe, B Prasad, A Mohammed, M M Adeleye,	419

		PAGE
Effect of therapeutic ultrasound (3.0 w/cm^2) in experimental chronic traumatic arthritis in calves	Y B Musa and O Otowo	
	R Bhatia, V K Sobti and A S Dhaliwal	422
In vivo evaluation of drug sensitivity pattern of bacterial isolates in repeat-breeder cows	V K Singla, Gurcharan Singh, P N Dwivedi and R D Sharma	425
Effect of larger pellet volumes frozen on round and flat glass surfaces on cryosurvival of ram spermatozoa	A K Mathur, Anil Joshi, R S Srivastava and P S Rawat	427
Blood and seminal plasma trace mineral concentrations during different seasons in crossbred bulls	S C Goswami, S N Mehta, G C Georgie, R K Tuli,	430
Estimation of transmitting abilities and genetic trend in Sahiwal and Hariana cattle	V P Dixit and S L Bhela K L Raheja	434
Economic analysis of goat rearing in the Mathura district of Uttar Pradesh	P R Deoghare and N K Bhattacharyya	439
Genetic and phenotypic parameter estimates for growth and conformation traits in guineafowl	B L Mundra, K L Raheja and Harpreet Singh	445
Effect of alkaline hydrogen peroxide treatment on the in sacco degradability of crop residues	M Wadhwa, S Saijpaul, G S Makkar and J S Ichhponani	451
Nutrient utilization and rumen fermentation in crossbred calves fed maize fodder preserved with urea plus common salt treatment	S S Thakur and D D Sharma	456
Storage of complete feed blocks under different temperature and humidity	Z S Sihag, C S Rathee and O P Lohan	461
Thioglucoside level and the toxicopathologic effects of de-oiled mustard-cake (*Brassica juncea*) meals in Japanese quails. (*Coturnix coturnix japonica*)	S N Bhattacharjee, M K Bhowmik and G Samanta	465
Construction of multitrait selection indices for first and second stages of dam line.	Bharat Bhushan, R V Singh and C V Singh	471
Nutritive value of urea-treated ryegrass (*Lolium perene*) straw and hay fed to growing buffalo male calves	T R Chauhan	475
Effect of dietary energy level and pelleting of feed on the performance of broiler chicks in tropics	P Sudhakara Reddy and D Narahari	478
Utilization of leguminous roughages in rabbit rations	H K Gupta,B P S Yadav, J J Gupta and K M Bujarbaruah	481
Comparative efficacy of enzyme-linked immunosorbent assay (ELISA) and direct fluorescent antibody test (FAT) for the detection of rinderpest viral antigen in clinical materials of experimentally	A K Das and P Sarkar	485

		PAGE
infected calves		
Incidence and pathology of bacterial pneumonia in Iraqi local goats	Ali M Al-Darraji and Khalil H Al-Joboury	488
Effect of extenders and additives on preservability of cattle and buffalo semen at 5°C and -196°C	A J Dhami, Greesh Mohan and K L Sahni	492
Freezing of buffalo semen in milk, tris and sodium citrate dilutors with different levels of yolk and glycerol in relation to pH of dilutors	Satish Kumar, K L Sahni and Greesh Mohan	499
Effect of season on superovulation response, recovery rate and quality of embryo in crossbred cattle	S K Agarwal, V K Taneja, M C Yadav and U Shanker	505
Certain cardiovascular and biochemical effects of glyceryl-guaiacolate ether along with triflupromazine hydrochloride and thiopentone sodium in goats	T P Balagopalan, K N Muraleedharan Nayar and P O George	511
Usefulness of BHK_{21} (Razi) cell line in evolving a cell line adapted sheep-pox virus for vaccine production	M Parthiban, K Kumanan and V D Padmanaban	515
Prevalence of rotavirus infection in cattle in Tarai region	D K Agrawal and N P Singh	518
Trial of enterotoxaemia vaccine by different routes in goats	A A Kumar and P K Uppal	520
Isolation of bacteria from market goat meat and their *in vitro* antibiotic sensitivity pattern	M N Brahmbhatt and J M Anjaria	522
Invasive character of *Salmonella* species in vero cells	V Purushotaman, A Padmaraj and R A Venkatesan	524
Chlamydiosis in birds from Punjab: Serological survey	M K Batta, P N Dhingra, P N Dwivedi and A P S Mangat	526
Mycoflora in uterine swabs of repeat-breeder cows and buffaloes	Gurcharan Singh, S S Sidhu, S K Jand and V K Singla	528
Serum calcium level and ovulatory cycle of wild birds	B B Hore, R N Thakur, P N Mehrotra and Amitabh Hore	530
Kankrej cows in their breeding tract	A K Mathur and J S Uppal	534
Sequence homology and similar periodicity of 700 bp between satellite DNAs of buffalo and cattle	Sanjeev Kumar, P N Bhat, T J Rasool, P P Bhat and Renu Verma	545
Energetic efficiency for milk production in Saanen x Osmanabadi (F_1) goats	L M Karanjkar, S G Rotte and U M Ingle	549
Development of mellorine type frozen desserts.2. Effect of sodium caseinate and corn syrup	Kaushik Adhikari and K L Arora	554
Selenium toxicosis in grazing buffaloes and its relationship with soil and plant of West Bengal	A Ghosh, S Sarkar, A K Pramanik, S Pal Chowdhury and S Ghosh	557
Intraruminal metabolism and nutrient digestion		

		PAGE
in cattle and buffalo fed low-grade roughages supplemented with protein sources	Raj Kumar, D C Sangwan, S K Bhatia, K Pradhan, Vidya Sagar and Sadhana Singh	561
Comparison of effective degradability of some concentrated feed ingredients in the rumen by different modes of calculation	S S Negi, B Singh and H P S Makkar	566
First lactation performance of Jersey, Red Sindhi and their F_1 cross under the farm condition of Assam	D N Gogoi, R N Goswami and D Das	569
Genetic relationship of physiological responses and biochemical traits in sheep	U D Gupta and R M Acharya	573
Comparison of some multitrait selection indices in layer chickens	B P Kushwaha and S T Krishna	577
Evaluation of *guar (Cyamposis tetragonoloba) phalgati* as maintenance ration for camels	A K Nagpal and A K Rai	580
Effect of plane of nutrition on the utilization of nutrients in crossbred heifers	G S Makkar, V K Kakkar and N S Malik	582
Effect of body weight on mohair production in crossbred Angora and their reciprocal crosses	U Y Bhoite, V S Wani, D P Koratkar and V S Narawade	585
Experimental studies with an indigenous isolate of EDS-76 virus in chicken	P Swain, J M Kataria, K C Verma and R L Sah	591
The utility of leukocyte migration inhibition test in the diagnosis of hydatidosis in food animals	R Vijayasmitha, M S Jagannath, S Abdul Rahman and T G Honnappa	596
Epidemiology and control of *Fasciola gigantica* infection of cattle and buffaloes in eastern Haryana, India	S S Chaudhri, R P Gupta, S Kumar, J Singh and A K Sangwan	600
Effect of a herbal preparation in experimentally induced hepatopathy in goats	M C Sharma, S K Dixit, S B Lal, Anup Bhaumik and J Baig	606
Hormonal induction of lactation in dairy cattle: Major milk constituents, and oestradiol and progesterone levels in serum and milk	B T Deshmukh, V G Joshi, R R Katkam and C P Puri	611
Cationic antibiotic granular peptides of buffalo polymorphonuclear cells	S Sarmah, G R Reddy and T More	618
Simplified technique of *Salmonella* serotyping	B R Gupta and J C Verma	623
Counter immunoelectrophoresis for rapid detection of circulating antigens of *Trypanosoma evansi*	Veer Singh and M B Chhabra	625
On a new coccidium *Isospora viverrina* from fishing cat (*Felis viverrina*)	R D Agrawal and P P S Chauhan	628
On the occurrence of *Paramphistomum epiclitum* Fischoeder, 1904 from rumen and *Gigantocotyle explanatum* (Creplin 1847) Nasmark 1937 from bile-duct of	T K Varma, B M Arora, H C Malviya and A Prasad	630

Age determination in buffalo from bone histology	A K Rai, N Sharma and N D Khanna	830
Effect of different levels of glycerol on survival rate of freeze thawed spermatozoa of buffalo semen in diluents without yolk	B G Panchamukhi, K B Patel and M C Desai	832
Effect of certain cryoprotectants on post-thaw motility and liveability of buffalo spermatozoa in egg-yolk-citrate diluent	S Kumar, K L Sahni, Greesh Mohan and B R Benjamin	836
Effect of different concentrations of sugars on storage ability of buffalo semen in citrate diluent	S Kumar, K L Sahni and Greesh Mohan	839
Some biochemical changes in amprolium induced polioencephalomalacia (PEM) in buffalo calves	S Kumar, K L Sahni and Greesh Mohan	841
Biochemical changes in experimental aflatoxicosis in broiler chicken	N Syama Sunder and K S Malik	843
Chromosome banding patterns of Indian domestic pig	B S Jassar and Balwant Singh	847
Molecular characterization of pox (viral)DNA	K B C Appa Rao, Pran P Bhat and P N Bhat	849
Closed and open nucleus breeding schemes in the genetic improvement of dairy cattle	Pran P Bhat	857
Sire evaluation on partial records in dairy cattle	I C Sethi and J P Jain	863
Influence of partial replacement of milk with starter on the growth pattern of crossbred kids	I C Sethi and J P Jain	869
Utilization of castor straw as roughage source in complete diets of growing crossbred calves	V V Patil , LM Karanjkar, P N Zanjad and U M Ingle	873
Micronutrient status of dairy cattle as influenced by soil - plant relationship in tarai region	G V N Reddy, M R Reddy, N M Reddy and T C Das	878
Neats foot oil -A review	V Rajora and S P Pachauri	882
Probability distribution of some production and reproduction traits in Sahiwal cattle	V V Kulkarni	891
Average daily milk production in Jersey and its crosses with Red Sindhi in a hill farm	M D Sharma , A K Shukla , V P Manglik and S N Maurya	897
Comparative nutrient utilization in lactating and non - lactating goats	R Narang, N K Manuja, S Katoch, K Gupta and Y P Thakur	900
Effect of managemental condition on serum protein and immunoglobulin profile of	T K Ghosh, Amitava Dey and S K Mishra	902

		PAGE
buffalo calves	V B Joshi, S S Saini and S S Sodhi	905
Immunization of young bovine calves against bovine tropical theileriosis during incubation stage of infection by infection and treatment method using buparvaquone	S Dhar and Y S Rana	907
Comparison of enzyme-linked immunosorbent assay and Coggin's immunodiffusion test for diagnosis of equine infectious anaemia	B Rattan, M P Yadav and P K Uppal	910
Effect of gamma radiation on *Paramphistomum epiclitum* (Fischoeder 1904) and its humoral immune response in lambs	T K Varma, H C Malviya, P Dwivedi and A Prasad	914
Anticoccidial efficacy of monensin and halofuginone in experimental *Eimeria tenella* infection in broiler chicks	P K Dash, Samir Mazumdar, J N Panda and G C Bansal	918
Histomorphology of pyloric glands in abomasum of camel	Manmohan Singh, S K Nagpal and Yashwant Singh	924
Age-associated histochemical changes in the epididymis of Indian buffalo	Bharpur Singh and K S Roy	927
Histopathology of experimental *Sarcocystis miescheriana* infections in pigs	S K Khatkar, R P Singh, S L Gupta and P C Verma	932
Glycerolization and equilibration procedures on quality of frozen buffalo semen	N R Bhosrekar, S P Mokashi, J R Purohit, S B Gokhale and B R Mangurkar	936
A comparative analysis of osmotic fragility of mammalian blood (human, camel and rabbit)	Nayef S Gharaibeh, Khalid Al-Talafeeh, Mohammad Gharaibeh and Raymond Batchoun	942
Seasonal changes in plasma thyroid hormones, total lipids, cholesterol and serum transaminases during pregnancy and at parturition in Barki and Rahmani ewes	A B Okab, I M Elebanna, M Y Mekkaway, G A Hassan, F D El-Nouty and M H Salem	946
Biochemical and electrocardiographic changes in experimental rumen lactic acidosis in goats	S B Lal, S K Dwivedi, C S Celly, G R Singh, M C Sharma and D Swarup	952
Animal test models for enterotoxigenicity of goat *Escherichia coli* strains	K C Mishra	957
Effects of gamma-irradiation on *Trypanosoma evansi*	C P Swarnkar, P M Raisinghani, D Kumar, G S Manohar and Lal Singh	959
Leakage of transaminases during preservation of buck semen	S K Dwivedi and D Swarup	961
Biochemical changes in induced hypocalcaemia in cow calves	L P Singh, S K Meur and L N Purbey	963
Effect of age on development of fore-stomachs of Deccani and crossbred lambs	G C Mandali, M R Dave and S K Raval	966
Sexing of preimplantation embryos in mice	S B Shinde, I G Chavan and N D Belhe	968

		PAGE
Appraisal of linear type traits and total score in Murrah buffalo	S K Das, S L Goswami and K P Ramesha	970
Genetic and phenotypic parameters of growth and reproduction traits in UAS strain of sheep estimated by multitrait animal model	A K Vinayak, D S Balain, S C Chopra and A S Khanna	973
Inter-strain variation and distribution statistics for physical egg-quality and egg-component characters in chicken	N Kumar and K L Raheja	978
Evaluation of important tree leaves available in Bangladesh using Black Bengal goats	G S Brah, M L Chaudhary and J S Sandhu	984
Influence of levels of various fat sources on the performance and carcass composition of quail broilers	S S Kibria, T N Nahar and M M Mia	989
Meiotic chromosomes of Jamunapari bucks	A K Shrivastav and B Panda	993
Annual greasy fleece production of Rambouillet and their crosses with Gaddi	Ashwani Sharma, Arjava Sharma and C R Balakrishnan	998
Biochemical profile of thoroughbreds at different studs	T A S Ganai and R S Pandey	1001
Chemical composition and *in vitro* digestibility of important conventional and unconventional energy supplements	Ashok K Gupta and J P Varshney	1003
Effect of feeding *Entrolobium timbova* leaves on rumen environment in buffaloes	M A Gangadhar, J Rama Prasad and N Krishna	1004
Effect of different chemical treatments and binders on compaction behaviour of paddy straw	U B Chaudhry, R Gupta, T R Chauhan and V D Mudgal	1006
Salmonella typhimurium isolates from apparently healthy adult cattle	K K Yadav, O P Lohan and C S Rathee	1008
Pathogenesis of *Clostridium perfringens* type C in experimental guineapigs. 2. Disease production by toxins	V F Rutsa, D K Sarma and B R Boro	1011
Invitro anti-schizontal effects of parvaquone and buparvaquone on *Theileria annulata* in lymphoblastoid cells	B N Tripathi, N S Parihar and K P Singh	1014
Fasciola gigantica: Somatic, and excretory and scretory antigens in the diagnosis of experimental fascioliasis	S S Das and N N Sharma	1021
Histomorphological basis of role of hump in thermoregulation and water conservation in one-humped camel	S C Gupta and S C Yadav	1025
Paranephric blockade in hepatitis in buffaloes: Haematological and biochemical effects	S K Goswami, L D Dhingra and S K Nagpal	1028
Effect of sephadex filtration in improving the quality of buffalo semen during storage	N S Jadon and Amresh Kumar	1031

		PAGE
and freezing	S S Chauhan, Greesh Mohan, Satish Kumar and K L Sahni	1036
Effect of postmortem chill and frozen storage on protein degradation of broiler rabbit muscles: Analysis by SDS-gel electrophoresis	Sushil Kumar, R B Nair and B L Amla	1042
Isolation and characterization of *Staphylococcus* species originating from bovine intramammary infections	F C Tuteja, M P Kapur and Anshu Sharma	1050
Prevalence of R-plasmids among *Escherichia coli* isolated from pigeons	H Rahman and K John	1052
Clinical and haematobiochemical changes in dogs experimentally infected with *Sarcocystis capracanis*	Lal Singh, P M Raisinghani, D Kumar and C P Swarankar	1055
Electronmicrography and occurrence of *Citrobacter freundii* in an Indian lioness	B Premkumar David, T G Prabhakar Andrew Chandramohan, W Manohar Paul, C Venkata Subba Rao and R A Venkatesan	1058
Effect of levamisole on the performance and immunomodulation against Ranikhet disease in broilers under stress	M M Chawak, B V Rajmane and A S Ranade	1060
Biochemical effects of stellate ganglionic blockade in aspiratory pneumonia in buffaloes	N S Jadon and Amresh Kumar	1062
Plasma procaine concentration in different regional blockades		
Structure on fundic glands in abomasum of camel	N S Jadon and Amresh Kumar	1064
Effect of different concentrations of sugars on storage ability of buffalo semen in tris diluent	Manmohan Singh, S K Nagpal and Yashwant Singh	1066
Chronic molybdenosis in buffaloes	S Kumar, K L Sahni and Greesh Mohan	1069
A comparison of the genomes of goat-sheep and buffalo-pox virus isolates	K S Dhillon, H S Sandhu, T J Singh, B S Gill, Jasmer Singh and R S Brar	1072
Divergent selection for egg number in *Tribolium castaneum*. 2. Correlated responses in hatchability, pupation time and adult emergence time	Pran P Bhat, P N Bhat, B P Mishra, Sudesh Kumar and R K Singh	1075
Marketed surplus functions of milk in Bulandshahr District of Uttar Pradesh	S B Verma, R L Singh and S K Singh	1079
Effect of sex and castration on nutrient utilization and growth in crossbred pigs	Deepak Shah and K N S Sharma	1085
Factors affecting body weights in Angora and corssbred goats	B P S Yadav, Arun Varma and J J Gupta	1094
Effect of supplementation of UMMB licks on growth rate of male buffalo calves	U Y Bhoite, V S Wani and D P Koratkar	1097

		PAGE
Isolation of viral agents from clinical cases of enteritis/pneumoenteritis in neonatal cow calves	Madhu Mohini and B N Gupta	1100
Effect of early FMD vaccination on serum proteins in buffalo neonates	P R Vanamayya and G C Mohanty	1105
A methodological study on the preparation of subclass specific antisera to buffalo IgG	K S Christi and V M Mehta	1109
Immunization of young bovine calves against bovine tropical theileriosis during incubation stage of infection by infection and treatment method using buparvaquone	N K Kakker and M C Goel	1112
Efficacy of control measures in mastitis at machine-milked dairy farms	S Dhar and Y S Rana	1117
Immunization of rabbits against *Boophilus microplus* using tick extract antigens. 1. Feeding pattern and recovery rate of ticks	P J Singh, K B Singh D C Nauriyal, S K Jand and B K Bansal	1120
Induced cerebrocortical necrosi in goats:Biochemical studies	A Das, A Basu, M Z Ansari and B N Sahai	1123
Reproductive status monitoring by milk progesterone determination in rural anoestrus and repeat-breeding bovines	P S Lonkar and M C Prasad	1128
Some enzymatic activities in sera and uterine homogenates of buffaloes and cows during some reproductive phases and disorders	Victor Kaul, S V N Rao and B S Prakash	1132
Seasonal prevalence of *Culicoides* spp. (Diptera: Ceratopogonidae) in Marathwada region	Wahid M Ahmed and S I A Shalaby	1136
Comparison of molecular weight estimation techniques-Bacterial plasmid DNA	B W Narladkar, U V Shastri and P R Shivpuje	1140
Serum enzymes profile in experimental hypomagnesemia in yearling buffaloes	B Premkumar David, V Purushothaman and R A Venkatesan	1146
Disposition kinetics of ampicillin in White Leghorn birds	Promod Kumar, Mahesh Kumar and H C Joshi	1152
Plasma levels, disposition kinetics and dosage regimen of paracetamol in buffalo calves	M Alam, N C Banerjee and K P Yadava	1156
Type-1 fimbriation of *Salmonella* isolates from poultry and its environment	Pritam K Sidhu, A K Srivastava, M S Kwatra and M S Bal	1160
Comparative evaluation of different contrast cystography techniques in donkeys (*Equus asinus*)	V Purushothaman and R A Venkatesan	1163
Double contrast excretory urography in donkeys-An experimental study	The Late M S Dewan, Muthu Mohammad, I S Chandana,Kuldip Singh Jit Singh and Rishi Tayal	1164
Plasma cortisol level in different regional	The Late M S Dewan, Muthu Mohammad, I S Chandana, Rishi Tayal, Kuldip Singh	1166

		PAGE
blockades for surgery in buffaloes	and Jit Singh	
Comparison of changes in progesterone concentrations in blood plasma and milk of Murrah buffaloes and Sahiwal (zebu) cows during oestrous cyclicity	N S Jadon and Amresh Kumar	1168
A comparative study on the freezability of semen of cattle (native and exotic) and buffaloes	M Kamboj and B S Prakash	1170
Dimensional characteristics of spermatozoa in exotic and crossbred cattle	Bhupal Singh, Greesh Mohan and K L Sahni	1172
Comparative efficiency of three methods from oocyte recovery from sheep ovaries	K S Pande, J D Joshi and N S Sidhu	1174
Biochemical alterations in cerebrospinal fluid and urine in experimental hypomagnesemia in yearling buffaloes	T K Datta, S L Goswami and S K Das	1178
Pathomorphological changes in mercuric chloride-induced nephrotoxicosis of goats	Om Vir Singh, S K Shukla and Mahesh Kumar	1180
Performance of Barbari goat under arid environment	Rakesh Kumar, N N Pandey and O P Paliwal	1184
Direct genetic and additive maternal effects of piglet weights and survival under hot humid conditions	J P Mittal	1187
Nutrient availability of rumen conditions and its utilization of goats	C O N Ikeobi	1191
Effect of various chemical treatments on tannis content of deoiledsal (*Shorea robusta*) seed-meal	T K Ghosh and Amitava Dey	1194
Effect of feeding fodder radish (*Raphanus sativus* L.) as a partial replacement of concentrate component in swine rations	R Bhakt, B S Gupta, J P Srivastava and S Thakur	1197
Development of direct rapid radioimmunoassays for progesterone in milk and fat-free milk of buffaloes	B P S Yadav, Arun Varma and J J Gupta	1202
Factors affecting production and production efficiency traits of first lactation in Murrah buffaloes	Monika Gupta and B S Prakash	1206
Growth performance of Black Bengal Barbari, Anglo-Nubian and Barbari x Black Bengal goats	N S Shabade, D Z Jagtap and N D Belhe	1212
Comparative nutritive value of urea-enriched maize silage to adult buffaloes	M M Mia, A Ali and M A R Howlider	1214
Usefulness of enzyme-linked immunosorbent assay for the diagnosis of *Theileria annulata* infection	T R Chauhan and S S Dahiya	1216
Histoenzymic studies on oxidoreductase in liver of buffalo	N Sundar, S Balasundaram, P Ramadass and R Anandan	1219
Placental pathology in rhesus monkey during malarial infection : Histological studies	S K Nagpal, R P Saigal and B S Nanda	1222

		PAGE
Effect of different extender formulations on acrosomal maintenance of buffalo spermatozoa frozen in milk, tris and sodium citrate dilutors	Nishi Saxena and Prabhu N Saxena	1227
Induction of oestrus in normal cyclic Surti buffaloes, during superovulation and after embryo recovery	Satish Kumar, K L Sahni and Greesh Mohan	1233
Some biochemical changes in relation to postpartum ovarian acyclicity in dairy cows	N P Sarvaiya, F S Chauhan and V M Mehta	1240
Some enzymatic activities in sera and uterine homogenates on buffaloes and cows during some reproductive phases and disorders	M A El-Azab, A Badr, H A El-Sadawy, G Shawki and T M Barakat	1244
ELISA in the diagnosis of hydatidosis in buffalo	Wahid M Ahmed and S I A Shalaby	1248
Isolation of *Theileria annulata* schizonts from infected lymphoblastoid cells	D K Deka and S N S Gaur	1254
Immunosuppressive and histotoxic effects of endosulphan in chicks	P M Thimma Reddy, M S Jagannath and M Rajasekhar	1256
Mixed infection of theileriasis and rinderpest in Deoni calves	N V Kurukure, A G Bhandarkar, M V Joshi, R D Sadekar and S S Bhagwat	1258
Urinary tract infection cases in tiger *(Panthera tigris)*	U V Shastri, V V Deshmukh, S S Rautmare and P D Deshpande	1261
Histological characterization of nonglandular mucosa of rumen in camel *(Camelus dromedarius)*	N K Sharma, J P S Gill, D C Dablania, S K Kansal, D V Joshi and M S Kwatra	1262
Polyovular follicle and polynuclear oocyte (OVA) of Assam local goat during early life	Manmohan Singh, S K Nagpal and Yashwant Singh	1264
Circulating testosterone levels during postpartum period of suckled and non-suckled Surti buffaloes	S R Talukdar, C C Bordoloi and S Ahmed	1267
Electrocardiographic studies in pregnant, non-pregnant and pediatric yaks *(Bos grunniens)*	S R Tiwari, M M Pathak and A V Patel	1269
Blood plasma endocrine and total cholesterol profiles during pre- and post-castration stages in Kathi horses	S K Sharma, A C Varshney, J M Nigam and Mohinder Singh	1272
Serum electrolyte and body water compartment responses to acute heat and water stress in Bectal and Black Bengal goats	N P Sarvaiya, S B Deshpande, N H Kelawala, P V Parikh, A V Patel, R R Parsania and V M Mehta	1274
Disposition kinetics of metronidazole in sheep following oral adminstration	S K Kaushish, B P Sengupta and G C Georgie	1277
Phenotypic correlations among daily records	H M Patel, S K Bhavsar, A M Thaker, K N Wadhwani and J K Malik	1280

		PAGE
of milk yields	B L Pander,	1282
Additive and multiplicatiive adjustment factors for some growth traits in Arabi sheep	R Thompson and W G Hill D A Aziz, W J Hanna and M N R Al-Saigh	1287
Effect of rearing system and shed design on layer performance under field conditions		
Productivity of dairy animals and employment generation among rural women	S P S Gill and M L Kansal	1291
Influence of socio-economic factors on milk production of crossbred cows in Kerala	Hema Tripathi and O N Kunzru	1295
Somatic chromosomes of Marwari goats	Sosamma Iype,	1299
Effect of restriction enzyme Alu-1 on the chromosomal profiles of Nali sheep	J Radhakrishnan and K V Raghavan S Bhatia and V Shanker	1302
Evaluation of biological fermentation fo strains	S Bhatia and V Shanker	1305
Correlations between climatic and physio-production traits under different cooling regimes during summer in Mehsana buffaloes	Raman Rao and D G Naik A B Fulsoundar, N S Radidia and V P Vadodaria	1308 1310
